OFFICE OF THE INTEGRITY COMMISSIONER

TO WHOM IT MAY CONCERN

The Office of the Integrity Commissioner (IC) for the Gauteng Provincial Legislature has had the pleasure of working with "ProEthics" during 2016 and 2018 in relation to a Capacity Building Workshop for Members of the Legislature.

The Main aim of these workshops was to promote a culture of high standards of ethical conduct among Members of the Legislature and to empower Members with the necessary knowledge to make informed decisions on matters of an ethical nature/ conflict of interest situations.

Amongst others, ProEthics Focused the training on the Broad Principles of Good Governance and Ethics and referred to the current discourse in the field of ethics. The Content and format of the training was largely appropriate and allowed for an interactive learning and sharing session.

ProEthics Demonstrated an elevated level of knowledge and skill in the area of Ethics and the facilitation skills was of an extremely high standard.

The Office of the IC therefore writes this recommendation based on the past personal interaction which it has had and received from ProEthics.

Yours Sincerely

ADV SHEETAL ROOPRAM

SENIOR MANAGER: OFFICE OF THE INTEGRITY COMMISSIONER
