Dear Dr Janette- van Veijeren

RE: Reference Letter from the Road Accident Fund

The Road Accident Fund was captivated with the training conducted recently by Pro-Ethics. Pro-Ethics provided Ethics training in communication to the RAF in March 2019 for our Corporate Communications team. The facilitators were excellent and knowledgeable in the subject matter and their enthusiasm inspired the group. The programme was tailored in line with the brief that was given and was delivered in a professional, interactive and engaging manner. The overall training has left a lasting impression and have empowered the team to become more efficient as ethical communicators.

I'm am happy to recommend the services of Pro-Ethics. If you have any questions, feel free to contact me.

Yours sincerely.

.....
